DETAILED ACTION

Election/Restrictions

Newly submitted claims 16-20 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: claim 16 cites internal combustion engine; claim 20 cites a damping device. Each is beyond the purview of the original claims.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 16-20 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Allowable Subject Matter

Claims 1-15 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art fails to show or fairly suggest two actuator components which are aligned such that when driven they generate approximately the same kinetic energy in opposite directions, wherein these two actuators are contained in a housing by a positive and/or friction fit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Sato et al. ('120) show in figure 2 an expansion element that expands in opposing directions with approximate equal kinetic energy. Kaida shows a similar structure ('200). Remaining prior art cited reads on at least some aspects of the claimed invention.

This application is in condition for allowance except for the following formal matters:

Cancellation of non-elected claims, 16-20.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Direct inquiry to Examiner Dougherty at (571) 272-2022.
